Over the next several years, the School Board has committed to move from our current multi-tiered funding model to a scholarship-based one. *Our goal is to build a more sustainable future for the school through increased school funding.* We will accomplish this AND keep any increase in out-of-pocket costs to a bare minimum. In fact, even with recent changes approved by the School Board and the congregation's governing board, out-of-pocket costs will DECREASE for some families.
